Attention: Doug Jensen

Doug, It was a pleasure to speak with you on Wednesday of this week. After reviewing the changes necessary to complete our permit for the Nichols pit, I would like to request an extension of time for our submittal of additional information.. If you would be willing to extend our deadline to January 31st, I feel confident that we could make this date. The Holidays are rapidly approaching and some of the additional work will need to be completed by contractors at our facility. If you need any additional information to meet this deadline I would be glad to discuss this with you. I can be reached at 435-669-4107.

Sincerely

Bob Roth
Safety Director
Western Rock Products
